

SUPPORT US!

As a non-profit, contributions from supporters like you help make our programs possible. Here are a few highlights from 2023-24:

- **31** preschool and **35** school-age children participated in our programs
- Expanded our offerings to include full-day and year-round preschool, 5-day afterschool, summer camps
- Created roots in new location and with new Director
- Started construction on a nature playscape
- Began accepting child care assistance via Iowa HHS, to expand access to lower-income families

Please consider making a donation to support us! Our priorities this year are to: complete the nature playscape, start a sliding-fee scale, and provide free outdoor gear to low-income families. Any amount helps!
